

PCI DSS SAQ-D Attestation of Compliance - 2026

Canyon Trail Outfitters - Self-Assessment Questionnaire D

Assessment date: 2026-05-30 QSA: Sonoran Security Assessors LLC

Merchant level: 3 Channels: card-present (6 stores), e-commerce

Findings:

1. Requirement 3.2 - NON-COMPLIANT: full primary account numbers (PAN) identified unmasked in the retail POS database (payments table, card_no column). Storage of full PAN after authorization exceeds permitted retention. Remediation: tokenize and truncate to last 4.
2. Requirement 4 - compliant: TLS 1.2+ on all transmission paths.
3. Requirement 8 - compliant: unique IDs, MFA on remote access.
4. Requirement 12.10 - incident response plan tested 2026-04-12.

Attestation: NOT COMPLIANT until item 1 is remediated and re-scanned.

Target remediation date: 2026-08-31.

All Canyon Trail Outfitters data is fictional and generated for training.
